

THE CAR YOU ALREADY OWN

Sale and Leaseback

Your car is a depreciating asset. A **Sale and Leaseback** is an arrangement that allows you to get the most of the value of your car and maximise on the depreciation.

How?

Remunerator's financier buys the car at an agreed value for cash into your pocket. You buy the car back on a novated lease giving you access to a range of benefits and savings.

Remunerator does all the work so all you have to do is save on the car you already own.

It's simple.

Save on GST and purchase price of the car

Turn your depreciation into cash

Run your car tax free from your fuel card

Save on GST on running costs

Decrease your taxable income
